Dear Editor

On a week-end I was privileged to be part of the second Annual... Conference which met in Harrisburg.

Among much other useful and startling and disgusting information (pending bills of the Pennsylvania legislature, for example) was one story that is nearly unbelievable. I may not be able to tell you in detail but in essence this is the story. As she is president of Overly Baker, Inc., a manufacturer of... and decorative items marketed throughout the United States. The company began in Ms. Overly's basement and grew to become a major force in the industry and nearly 150 who work in her home were considered to be self-employed contractors and paid self-employment taxes.

About two years ago the Pa. Department of Labor decided to enforce a 1937 law which it claimed was being violated by these workers. The law was originally passed to protect exploited slaves. Ms. Overly said that she did not have the funds to fight this that had been intended for the home workers and air mailed them to China where they were finished and air mailed back. As present the without a word of notice by the Pa. Department of Labor.

At present there is a bill in the State Senate (S.B. 1630) which is designed to rectify this. I would urge you readers to write your state senator on behalf of this bill.

Sincerely,
Daniel L. Hoyer

All U.S. government checks must be cashed

Old U.S. Government checks including Social Security checks should be cashed by September 30, 1990, or they will be cancelled, said Ellen Meckley, Social Security manager in York.

Under a law which went into effect October 1, 1989, U.S. Government checks began to carry the notation "VOID AFTER ONE YEAR." This means that checks will not cash the checks after one year from the issue date, Mrs. Meckley explained.

All checks printed before October 1, 1989, need to be cashed by September 30, 1990. People who find that a bank will not accept a Social Security check because it is more than 1 year old will need to take Social Security to renew the check.

For more information contact the Social Security office located at 155 W. Market Street.

Junior Varsity Soccer Bears Extend Record to 6-1-2

By Steve Lusk

The Northern JV Soccer team squeaked a tie against Trinity, but the Bears, who played hard to earn a draw versus Red Lion, ran their season record to 6-1-2.

Thanks to two Kurt Knauth scores on penalty kicks, the team managed a 2-2 draw against the Shamrocks. Keeper Bremer showed great reflexes in an outstanding diving save on an 80-yard shot from Kurt Knauth.

While a loss is a loss, there had to be plenty of positive notes for the Northern coaching staff to consider. But new attention must be focused on this week's opponent, the Milton Hershey Spartans.

Northern will be making its second trip to Hershey in three weeks, hoping the results will be as different than the first time. The last game coming out on this Saturday afternoon (9:30 encounter) is, "Which Milton Hershey football team will show up?"

Spartan Head Coach Bob Coyle has his hands full. His ball club has been seen as a worthy goal in the past. The Spartans have a 2-1-4 record in the last game, and 2-2 overall. The Spartans really well-documented in their last game, a 2-1-4 loss to Red Lion.

Coyle has a lot to be proud of. The Spartans always seem to find a way to win. The "bear" word for Northern will be constant. If the Bears can do this against the Spartans, and get their own offense in gear, it could make for a very interesting game. Northern played well against a bigger team, now they should do well against their own team.
